

Mezzanine Floor

Project: Floor coating in lunchroom in Industrial Factory

Category: Floors

Area Covered: 50m²

System: Rhino Linings TUFF STUFF and Rhino Linings Aliphatic Top Coats

Job Description

This particleboard floor was untreated and showing signs of staining and wear. Rhino Linings TUFF STUFF was applied producing an attractive, hard wearing and seamless floor.

The coloured diamonds were produced using Rhino Linings coloured aliphatic system before a clear aliphatic top coat was applied over the whole floor.
